EARTHLINGS

This Office informs the field on the Earthlings Program, Philippines' first-ever call to action environmental awareness production.

The activity aims to help learners understand and address environmental issues through responsible decision-making, as encouraged through RA 9512, otherwise known as the National Environmental Awareness and Education Act of 2008.

Those interested in joining are reminded of the following conditions:

- a. That the Schools Division Office be informed, in writing, of participation of the said activity;
- b. Participation is strictly on a voluntary basis;
- c. Expenses to be incurred shall be shouldered personally or sourced from a legitimate local government unit or donor; and
- d. Strict observance of the Time-On-Task Policy or the No Disruption of Classes Policy of the Department.

Enclosed is a copy of the communication for more details of the said activity.

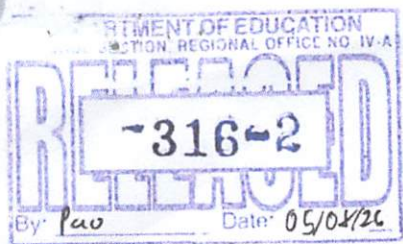

Immediate dissemination of this Advisory is desired.

EARTHLINGS

With reference to the letter from Godofredo A. Tunac Jr., Program Director of Earthlings, Philippines' first-ever call-to-action environmental awareness production, this Office informs the Schools Division Superintendents of this environmental education endeavor.

The said activity aims to help learners understand and address environmental issues through responsible decision-making, as encouraged through Republic Act No. 9512, otherwise known as the National Environmental Awareness and Education Act of 2008.

Kindly refer to the attached letter for more details regarding the activity.

Furthermore, those interested in joining are reminded of the following conditions:

- a) that the Schools Division Office be informed, in writing, of participation of the said activity;
- b) participation is strictly on a voluntary basis;
- c) expenses to be incurred shall be shouldered personally or sourced from a legitimate local government unit or donor; and
- d) strict observance of the Time-On-Task Policy or the No Disruption of Classes Policy of the Department.

For information of all concerned.

CLMD/ROC6

DR. CARLITO D. ROCAFORT, CESO III
Regional Director
Department of Education Region IV-A

Dear Sir,

Warm Greetings!

In a world where environmental degradation is a growing concern, it's more critical than ever for people to understand the importance of **Environmental Protection, Sustainability, and Climate Consciousness**, helping learners understand and address environmental issues and empower them to make responsible decisions, as declared through **RA No. 9512, the National Environmental Awareness and Educational Act**.

In light of this, I would like to introduce our new program - **Earthlings**. This year's **Philippines' First-Ever "awe-spiring" call-to-action Environmental Awareness Production**. All our programs are in support of the International Astronomical Union (IAU), United Nations Educational, Scientific and Cultural Organization (UNESCO), National Aeronautics and Space Administration (NASA), UP Astrosoc, DOST, and DENR. In addition to this, DepEd National highly supports this partnership through DepEd Advisory No. 098.

A creative and engaging way of bridging the gap between the analytical brain and the emotional heart. This emphasizes the integration of environmental education across all levels of schooling through activities that target learners' ability to understand how all living things are interconnected, promote scientific curiosity, foster love for STEM subjects, and highlight the need to preserve the planet for the next generations. An outbox innovative out-of-the-box curriculum integration combined with outdoor (*outside the classroom*) immersive learning portals.

Thus, we request your good office to extend your unwavering support for this noble engagement for your learners. Attached to the following page are the specifics of our activities.

It's with great honor and pleasure to partner with you and numerous other reputable educational institutions on this endeavor for the school year 2026-2027. We believe that through your leadership, our consolidated program will come into reality.

Enthusiastically Yours,

Godfredo A. Tunac Jr.
Program Director

Program 1

Activity 1: LUMINA – A twenty-minute luminescent **edutainment** woven to illuminate our minds by connecting the bridge between the Arts, Music, and Science.

Activity 2: World of Wonders – Hands-on gallery of engaging optical illusions and life-sized gadgets learners can manipulate and explore.

Activity 3: Interactive Floor - Motion-responsive games and activities for all ages, which perfectly demonstrate how advanced our technology has now become.

Program 2

Activity 1: Digital Planetarium - Display the process of creation dynamics, and its basic components in which matter got its model or existence, development, and extinction in a modern digital manner. Helping students grasp abstract astronomical concepts in light of sparking their enjoyment and interest in science.

Activity 2: NASA Photo Gallery - Three-Dimensional (Anaglyph) Display of Astronomical Photos with Description.

BONUS: Authentic Meteorite Display (Hands-On Experience) - A rare experience of hands-on observation of authentic meteorite fragments for students.
