Enclosed is the copy of communication for your perusal.

Dissemination of this advisory is desired.

December 18, 2023

**2024 INVITATION TO AI, DATA SCIENCE, RESEARCH, WRITING AND MANAGEMENT EFFICIENCY
WORKSHOPS**

Online workshops have gained popularity and can be highly effective for certain purposes. Here are ten (10) reasons why online workshops are effective:

1. **Accessibility:** Online workshops eliminate geographical barriers, allowing participants from different locations to attend without the need for travel. This increases accessibility for a wider and more diverse audience.
2. **Flexibility:** Online workshops often offer more flexible scheduling options, accommodating participants' various time zones and availability. This can lead to higher attendance rates.
3. **Cost Savings:** Participants can save on travel, accommodation, and other associated costs when attending online workshops, making them a more cost-effective option.
4. **Self-Paced Learning:** Some online workshops are designed to be self-paced, enabling participants to learn at their own speed and review materials as needed.
5. **Diverse Learning Resources:** Online workshops can incorporate multimedia resources, interactive quizzes, videos, and simulations, enhancing the learning experience.
6. **Global Networking:** Online workshops provide opportunities to connect with professionals and experts from around the world, expanding participants' networks and perspectives.
7. **Accessibility for Differently-Abled Individuals:** Online workshops can be designed with accessibility features, making them more inclusive for individuals with disabilities.
8. **Recording and Replay:** Online workshops can be recorded, allowing participants to review content later or catch up if they miss a session.
9. **Reduced Distractions:** Participants can join from a quiet and comfortable environment, potentially reducing distractions compared to in-person workshops.
10. **Environmental Impact:** Online workshops can be more environmentally friendly by reducing the need for travel and paper materials.

Therefore, in 2024, our goal is to empower the nation in the realm of AI. We created new workshops:

The Future of Work: AI and Automation

***Payment details:

Account Name: Strategic One Business Management Consultancy Firm

Account Number: 3831-0043-38

STRATEGIC ONE BUSINESS MANAGEMENT CONSULTANCY FIRM

02-8-801-5903

YAKAL ROAD, TUNASAN, MUNTINLUPA CITY, METRO MANILA

Bank: Landbank of the Philippines (Alabang Business Center Branch)

The registration fee is inclusive of digital handouts, 12% VAT, datasets, installers of the freewares and opensource (that you will use during the workshop), digital certificates (of participation, completion, and attendance), recording of the webinar, and the learning experience. STRATONE is now a Vat company.

START One has been operating for a year now, catering to the market research and training requirements of BPOs, various government agencies, and academic institutions here in the country. The STRAT One (Strategic One Business Management Consultancy Firm) is an emerging business that provides "world-class" webinars, training, seminar, and conferences at an affordable price for the market. We believe that learning management, marketing, business strategy, data science, and research should be affordable (the Philippines) to emerge as a leading business destination in the ASEAN. Moreover, STRAT One aims to democratize analytics here in the Philippines.

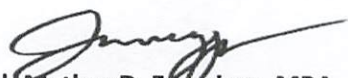

Since the last quarter of 2019, CHED temporarily stopped the issuance of CHED endorsements. Hence, our fees are aligned to the DBM memorandum on National Budget Circular no. 563 series of 2016.

Who should attend?

Anyone (academe, government, students, and private sector) who wishes to help their organizations to be agile.

Thank you, and have a great year!

Regards,

Joseph Mythor D. Francisco, MBA
(Doctor of Business Administration – Candidate)
Executive Director, STRAT One
