DISSEMINATION OF INVITATION FROM A PRIVATE YAKAP-ACCREDITED FACILITY FOR THE PROPOSED CONDUCT OF A MEDICAL CARAVAN

This is to inform all concerned that this Office has received an invitation from **Blesces Diagnostic Laboratory**, a private **Yaman ng Kalusugan Program (YAKAP)**-accredited facility proposing the conduct of a **medical caravan** in schools in relation to the said PhilHealth program for learners and school personnel.

In this regard, the said invitation is hereby disseminated for the information of all schools. Participation in the program is purely voluntary, and the decision to participate rests upon the discretion of the School Head, subject to existing Department policies, rules, and regulations.

Schools are advised to exercise due diligence in coordinating directly with the concerned facility for any engagement, including verification of services, schedules, and corresponding requirements or fees, if any.

For more details, please see the attached communication from Blesces Diagnostic Laboratory. You may contact the concerned facility through **Ms. Carmela Cabriga** at blesceslabtayabas@yahoo.com or at 09473910941.

This Office does not endorse or recommend any private entity, product, or service. The dissemination of this advisory is solely for information purposes, and any arrangement entered by schools or personnel with the said facility shall be at their own discretion and responsibility.

Dissemination of this advisory is desired.

SAN PABLO - MAIN

April 6, 2026

CELEDONIO B. BALDERAS JR.
Schools Division Superintendent

Brgy. Potol, Tayabas City

Dear Ma'am/Sir,

Warm greetings from **Blesces Diagnostic Laboratory**.

We respectfully submit this proposal for the conduct of a **Medical Caravan** in your esteemed organization. This initiative aims to provide accessible, affordable, and quality healthcare services to your members, particularly those who may have limited access to medical consultations and diagnostic procedures.

Through this medical mission, participants will have the opportunity to receive essential health assessments, basic laboratory services, and professional medical guidance from qualified healthcare providers. This activity will be conducted in coordination with the **Yaman ng Kalusugan Program (YAKAP) of PhilHealth**, a program committed to strengthening primary healthcare and expanding access to preventive medical services for Filipino. YAKAP Clinics monitor member health to ensure early disease detection and provide proper medication to prevent worsening conditions and avoid hospitalization.

By aligning with this program, we aim to ensure that beneficiaries receive accurate diagnoses, appropriate treatment recommendations, and referrals to specialists when necessary. Beyond immediate healthcare assistance, this initiative also promotes preventive healthcare awareness, early detection of illnesses, and the adoption of healthier lifestyles within the community.

We believe that community-based healthcare initiatives such as this play a vital role in improving public health and empowering individuals to take a proactive approach to their well-being. Furthermore, we hope that this collaboration will mark the beginning of a long-term partnership between our institution and your organization, enabling us to implement future healthcare programs that will benefit not only PhilHealth members but also their families and dependents.

In this regard, we humbly request your support and approval for the implementation of this medical mission. Your partnership will greatly help us extend meaningful healthcare services and make a significant difference in the lives of your constituents.

Thank you for your time and consideration. We look forward to your favorable response and the opportunity to work together in bringing accessible healthcare closer to your community.

Laboratory and Services Packages

For Adults	For Children	One-Year Benefits	Yakap Gamot
FBS	<i>For Ages 5-12 years old</i> <ul style="list-style-type: none"> • Healthy Treats • Vitamins 	Consultation	Up to ₱20,000 worth of medicines
