Subject: **REQUEST FOR ADVISORY OF 'A THOUSAND FOREST'** in all Public and Private for Elementary, Secondary, Senior high School and College for the Academic Year of 2025-2026.

Dear MR. BALDENAS,

I hope this message finds you well.

Would you be interested in making your students gain a better understanding of climate change?

We are I.Syoot Multimedia, we specialize in the production of educational programs for television, radio, and online platforms, with experience spanning 30 years in broadcast and digital media. Our team members are behind iconic programs such as Sinwekwela, Bayani, Mathinik and Hirayamanawari.

We have partnered with the University of the Philippines Los Baños to come up with a program aimed at educating the youth on the role of forests in climate change adaptation and mitigation. It is called **A Thousand Forests (ATF) Program**. Its goal is literally to establish "a thousand forests" planted and nurtured by different stakeholders. This initiative is supported by the Department of Environment and Natural Resources (DENR),

The first phase and integral component of the ATF program is the production of a full-length original Filipino musical film. **A Thousand Forests**. It is a story of five Filipino teens chosen to participate in a Forest Camp. Their backstories provide a glimpse of how teenagers experience the effects of climate change and how they can be part of the solution in combating the climate crisis.

The Special Screening of A Thousand Forests a totally entertaining , informative and exciting program suitable for elementary, secondary, senior high school and colleges.

It is our intention to make the film available to as many public and private school students as possible through film showings in schools. .

All screenings will be free for all faculty members.

EVENT DURATION:

- The screening runs One Hour and Fifty Six Minutes (1hr.56 Mins.)
- Special Appearance inside the venue of the CAST (Depends on the availability of the Cast that will appear.
- Meet and Greet

TARGET DATE OF IMPLEMENTATION

School may choose the most suitable date and time for their students to engage in this educational screening. However reservation must be done at least a month before the school's target date.
