**INVITATION TO INFORMATION, EDUCATION, COMMUNICATION (IEC)
CAMPAIGN ON ENVIRONMENTAL PROTECTION AND CONSERVATION**

The City Environment and Natural Resources Office together with the Ecological Solid Waste Management Unit of the City of Tayabas will conduct IEC Campaign on Environmental Protection and Conservation to the different public elementary and secondary schools within the division. The activity aims to explore environmental issues in our city, engage in problem solving and take action to improve our environment. It is also intended to capacitate the students to be more responsive on climate change adaptation and mitigation and solid waste management.

Enclosed is the copy of communication for your perusal and schedule

For more details, contact:

Ms. Roan Pabilonia

School Division Superintendent
Schools Division of the City of Tayabas

Dear Superintendent,

Greetings of Sustainable Environment!

The City Environment and Natural Resources Office together with the Ecological Solid Waste Management Unit will be conducting Information, Education, Communication (IEC) Campaign on Environmental Protection and Conservation. This campaign aims to explore environmental issues in our city, engage in problem solving and take action to improve our environment. It is also intended to capacitate the students to be more responsive on climate change adaptation and mitigation and solid waste management.

In connection to this, the undersigned is respectfully requesting your endorsement or if possible, a school advisory for the conduct of the said activity. Attached herewith, you will find the provisional timetables and a list of schools that have participated in the IEC Campaign.

Should you have any question or clarification, please feel free to contact Ms. Roan Pabilonia at 0906-580-0691/ (042) 7974171.

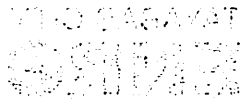

Thank you very much and looking forward on our collaboration in the realm of environmental preservation and conservation.

Yours in conservation,

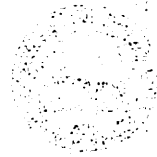

MELVIN C. RADA

THE HONORABLE J. B. BARNES, JR.

State Representative

State House of Representatives

Memphis, Tennessee

Dear Mr. Barnes:

The Department of the Environment and Natural Resources (DENR) is currently conducting a study of the Tennessee River and its tributaries. The study is being conducted in order to determine the extent of the river's pollution and to develop a plan to clean up the river. The study is being conducted in cooperation with the Tennessee Valley Authority (TVA) and the United States Environmental Protection Agency (EPA). The study is being conducted in order to determine the extent of the river's pollution and to develop a plan to clean up the river. The study is being conducted in cooperation with the Tennessee Valley Authority (TVA) and the United States Environmental Protection Agency (EPA).

In connection with the study, we are seeking information from you regarding the river's pollution. We are particularly interested in the extent of the river's pollution and in the types of pollution that are being discharged into the river. We are also interested in the types of pollution that are being discharged into the river.

If you have any information regarding the river's pollution, please feel free to contact the DENR at the following address:

1000 10th Avenue, Nashville, Tennessee 37203

Thank you very much for your cooperation in the study of the river's pollution and for your contribution to the study of the river's pollution.

Sincerely,
