By signing and submitting this form, the participant and agency confirms agreement with the guidelines of availing the conference stated herein.

SIGNATURE OF NOMINATING OFFICER: _____

NOMINATION GUIDELINES

Submission of Nominations

1. Download a .docx format of this document by clicking on "File > Download > Microsoft Word (.docx)" at the top left side of the window.

2. Accomplish the form by indicating the information of a maximum of **three (3) officers and/or senior technical staff engaged in digital transformation, regulatory reform, or innovation in public administration—especially those with expertise or decision-making roles in governance, compliance, or the adoption and implementation of regulatory technologies.**

3. The Nominating Officer should be the Immediate Supervisor or a decision-maker from the agency/organization. He/she should sign the nomination form once completed.

4. The completed form must be emailed to regtechconference2025@dap.edu.ph **on or before 15 September 2025 (Friday) 5:00 PM**, with the subject: [Agency Abbreviation] – Nomination Form (e.g., DOST – Nomination Form). Please copy the nominees.

Confirmation and Registration

1. Accepted individuals will receive an email with the conference details and a link to the Registration Form which will request information relevant to the issuance of Certificate of Participation.

2. For accepted participants, registration is mandatory to secure a slot. Make sure to complete the registration form by **15 September 2025 (Monday), 5:00 PM.**

3. Upon registering, the participant will receive a final confirmation email with their digital ID and a QR code. This QR code will provide access to a common folder containing pertinent conference materials, such as the program schedule, RP profiles, and more.

Attendance Policy
Only confirmed participants will be allowed to attend the conference, and walk-ins will not be accommodated. Conference participation will be granted on a first-come, first-served basis.

Cost
Accepted participants are required to settle the <u>Agency Counterpart Fee of **Php 1,500.00.**</u> Details on the payment process will be sent in a separate email upon acceptance. Only those accepted to the conference will receive payment instructions.

Inclusions
- Participant kit
- AM and PM snacks, and lunch during the two-day event
- Access to plenary and parallel sessions

Exclusions
Sending agencies must shoulder their participants' accommodation or transportation to and from the conference venue

Replacement of Participants
Replacements are allowed only due to unforeseen circumstances or if another officer is more suited to attend. The agency must inform the DAP project team via email <u>at least 5 working days before the conference</u> to facilitate necessary arrangements.

Consent to Photo and Video Coverage
By participating in the International Conference on Digital Transformation and Regulatory Technology for Improving Public Sector Productivity in person on 1-2 October 2025, the registered participant consents to the use of his/her photo and video in event-related materials, articles, and other publications produced during and after the event.

Certificate of Participation
Certificates of Participation will be issued upon completion of the conference and may be claimed at the registration counter after the event. A Certificate of Appearance is available upon request. We expect your full participation in plenary and assigned parallel sessions.

Conference on Digital Transformation and Regulatory (RegTech) for Improving Public-sector Productivity
1–2 October 2025 | Manila, Philippines

Implementing Organizations: Development Academy of the Philippines (DAP) and Asian Productivity Organization (APO)

PROGRAM BRIEF

Background: Governments today face rising regulatory complexity amidst rapid technological advancement. Traditional, manual compliance systems are increasingly strained by growing data demands, real-time oversight requirements, and evolving rules. To address these challenges, Regulatory Technology (RegTech)—which harnesses AI, big data, and automation—offers the potential to streamline compliance, enhance risk management, and enable smarter governance.

As APO member economies adopt digital transformation to improve public service delivery, barriers such as institutional inertia, technological readiness gaps, and regulatory rigidity continue to limit progress. This conference aims to confront these issues head-on by facilitating knowledge-sharing, exploring emerging technologies, and identifying future-ready strategies for more adaptive, efficient, and integrated regulatory systems.

Objectives
1. Explore how digital transformation and RegTech can enhance public-sector productivity and regulatory efficiency;
2. Showcase AI-driven tools, best practices, and strategies to improve governance and service delivery;
3. Promote collaboration and cross-border learning among stakeholders in the region; and
4. Identify key policy directions, resource requirements, and implementation enablers for adopting and scaling RegTech solutions.

Target Participants: The conference is intended for government officials, policymakers, regulators, and public-sector professionals involved in digital transformation, regulatory development, or public administration reform. Participants should have roles related to governance, compliance, or the implementation of technologies like RegTech, with decision-making responsibilities or relevant technical expertise.

Topics to be covered
- RegTech and digital transformation in government
- AI, automation, and smarter regulation
- Regulatory sandboxes and innovation labs
- Data governance and digital identity
- Overcoming adoption and policy challenges
- Building institutional readiness for RegTech
