Attached: as stated

GUIDELINES ON THE RECEIPT, INSPECTION, DELIVERY AND UTILIZATION OF THE CENTRALLY PROCURED LAPTOP AS ASSISTIVE ELECTRONIC TOOL FOR LEARNERS WITH DISABILITIES (LWDs)

I. RATIONALE

The 1987 Philippine Constitution provides that the State shall protect and promote the right of all citizens to quality education at all levels and shall take appropriate steps to make such education accessible to all. Further, Republic Act (RA) 7277, or Magna Carta for Disabled Persons, ensures that learners with disabilities have access to quality education and ample opportunities to develop their skills.

In compliance with Section 16 of RA 11639 or the General Appropriations Act (GAA) for FY 2022, and other similar Special Provisions in the 2023 GAA which states the provision of learning resources (LRs) shall include multiple platforms using electronic and online modes of delivery for learners with disabilities (LWDs) enrolled in formal school and ALS, the provision of laptops with accessibility features is necessary to serve as a platform for different learning modalities for LWDs.

Given this, the procured laptops as assistive electronic tools for LWDs with accessibility features and application software such as Non-Visual Desktop Access (NVDA) and Thorium Electronic Publication (ePUB) reader are relevant in developing, supporting, and strengthening education management and learning systems of LWDs to improve access to quality and inclusive primary education.

These guidelines shall guide the field offices in their role and responsibilities on the inspection, receipt, distribution, utilization, and monitoring of the laptops as assistive electronic tools for LWDs.
