Sir:

Warmest greetings of peace and excellence!

The Schools Division Office of San Pedro City respectfully expresses its intent to conduct an online benchmarking on the implementation of the Lesson Study Program in your esteemed division. This initiative is part of our continuing efforts to strengthen instructional practices in Science and Mathematics and to promote collaborative, research-based, and reflective teaching approaches aligned with current educational reforms.

In this regard, we would like to request your kind permission to engage with your division through a virtual platform to learn from your best practices, systems, and processes in implementing Lesson Study. Specifically, we are interested in gaining insights into your approaches in lesson planning, conduct of research lessons, collaborative reflection, monitoring and evaluation mechanisms, and the impact of the program on teacher development and learner outcomes.

The proposed online benchmarking activity is tentatively scheduled on **May 5, 2026, 9:00am to 11:00am** with participants composed of CID-Chief Education Supervisor, Education Program Supervisors, School Heads, and Head Teachers from our division. We will gladly adjust to your preferred schedule and platform for the activity.

We believe that this initiative will significantly contribute to enhancing our division's programs and in improving learning outcomes through strengthened professional learning communities.

In this connection, we humbly seek your approval for this online benchmarking activity. For coordination and further details, you may contact Maria Belynda L. Lallabban, Education Program Supervisor in Science, through mobile number 0917-1251109 or via Deped email, [maria.lallabban@deped.gov.ph](mailto:maria.lallabban@deped.gov.ph).
