2. The objectives of this activity is to ensure that all personnel are physically/mentally and emotionally fit to perform their roles and functions thus it is advised that the medical check-up be one of the requirements for clearance at the start of the school year.

3. Chest X-ray is recommended by the physician to all employees except for pregnant women in their 1st and 2nd trimester of pregnancy who are instead advised to undergo sputum microscopy. If the employee had previous history of PTB, a certification from TB-DOTS Center is required.

4. Immediate dissemination of this memorandum is desired.
