SUBJECT: PERFORMANCE EVALUATION OF SBM LEVEL OF PRACTICE

DATE : November 23, 2017

The Comparative Analysis of the SBM Level of Practice of the public schools in the City Schools Division of Tayabas City for SY 2014-2015 and SY 2015-2016 as a baseline data invites us all to do a reflective inquiry on how much we have improved on this aspect this SY 2017-2018.

The two-day seminar-workshop on **November 28-29, 2017** at **ORN, LPIHS** shall help us evaluate our performance using the SBM-APAT Tool.

Specifically, it aims to evaluate the progress attained in the implementation of the Programs, Projects and Activities (PPAs) of the schools to achieve Advanced Level of SBM Practice; review the performance of the school heads, the teachers, and schools in general, anchored on schools' OPCRf; and craft action plan to address the gaps found to be affecting the schools' SBM level of practice.

It shall be attended by all school heads.

Please bring the following:

- PAP's, SIP and AIP;
- artefacts and MOVs earlier identified to validate performance in the OPCRf; and
- laptop and extension wire.

Wide dissemination of this Memorandum is desired.
